THE BEE HIVE

Great Price Reductions on SHIRTWAISTS!

We are keeping the store busy during a usually dull month by our policy of great price reductions on seasonable merchandise. You will find this particularly true in our shirtwaist stock. Profits are entirely sacrificed and cost not considered. Mark these changes: All 50c and 55c Waists are now 39c; the 75c kind are marked 49c; \$1 and \$1.25 Waists drop in price to 75c; the \$1.39 and \$1.50 kind to 98c. The above include both colored and white shirtwaists, all splendid styles and this season's goods. The stock is still large and well assorted. All sizes.

50c SUMMER CORSETS AT 39c.

We bought these by the case lots. Probably more than we needed. To make 'em sell quickly we give you the profit. It's a remarkably cheap Corset at 39c, but it's a paying advertisement for us to mark 'em 39c. Ask to see them.

12¹/₂ LAWNS AT 8¹/₂c.

This case of Lawns just arrived. Had they come earlier they would have sold for 12¹/₂c a yard—a fortunate purchase indeed. We gain your favor by selling something away under regular price. About forty different styles in the lot. The price 8¹/₂c a yard.

KINGS OF LOW PRICES ROSENAU BROS. PROPRIETORS

MAUD AND THE CENSUS MAN.

Again did Maud on a summer day Go forth to make some additional hay.

A figure came riding along the lane, And she said: "It's that beastly Judge again!"

"I'll tell him to chase himself, for he fatigues me too quite excessively!"

As she stood and leaned on her well-worn rake She saw she had made a slight mistake. The fellow was young and handsome, and Possessed a figure to beat the band.

He drew a book from his saddlebag And slid down from his perspiring nag.

"Your name," he said, "and your place of birth; Are your parents yet on or off the earth?"

"Have you had the mumps? Are your teeth your own? Or made to order? All right, self grown."

"Do you think that Sappho would, as a rule, Be fit to play in a Sunday-school?"

"Did any ancestors, she or males, Have fits or boils or ingrowing nails?"

"Are you single or double, and are you shy? Offspring, and if so, please state why?"

"Do you ride a wheel, and how do you wear Your skirlings, divided or solitaire?"

"Is your hair self-cultured, or is it 'queer?' What size of feet do you wear this year?"

All these pert questions and many more He fired at the girl with gall galore.

And Maudie parried each pointed quiz With the answer: "It's none o' your bloomin' biz!"

At last he gazed in her seal-brown eyes With a piercing look of unusual size,

And said: "Now your answer must be true As the law and gospel: How young are you?"

And Maudie replied in a modest way: "I'll be 18 on my next birthday."

Then the quizzier sucked at his fountain pen And saucily told her to "Guess again!"

And Maudie pouted and tossed her head, And sweetly cackled: "That's on the dead!"

"Come off," he grunted, "Old Whittier wrote Of you when the ark was yet afloat!"

"He told in rhyme of that worn old rake When Eve performed with her circus snake!"

And Maudie answered: "Don't get so raw! That Whittier gal was my great-grandma!"

"Go chase yourself from this field, you chump, Or I'll comb your hair with the rake! Now jump!"

He jump, and boarded his horse and sped Down the dusty lane and sobbingly said:

"Of all tough jobs since the world began The toughest is held by the census man!"

WANTS DAMAGES.

Suit For \$20,000 Filed Yesterday Against the City.

Messrs. A. E. Cole & Son for William Setters yesterday filed suit against the city for \$20,000 damages.

The suit is the outcome of the dreadful streetcar accident of last week, in which the wife of Mr. Setters lost her life.

The petition alleges that the city negligently permitted weeds to grow and obstruct the sidewalk, and also negligently permitted the electric Street Railway Company to construct its track too close to the sidewalk, and that the accident causing Mrs. Setters's death was due to this negligence.

HAVE YOU SEEN BOSCOE? It is on Market Street Today, and It's a Real Curiosity.

Colonel Ben Smith and a force of hands this morning caused the people in the neighborhood of Third and Market to become worked up to such a pitch that Tien-Tsin in far-off and cruel China is a cool place in comparison to their feelings.

The aforesaid Colonel and his army of workmen surrounded the charming piece of statuary in the center of the Esplanade, and after a short parley, Colonel Smith made a minute examination of the machine, came down, looked wise, scratched his head and said something.

The spray on top needing three or four sledge-hammer smashes and two or three twists from a 3-foot monkey-wrench, it was decided to allow it a little longer vacation, but the drinking posts are all right.

After a second suspense of about the thirty-second part of a second it was agreed that half of the Fountain should be operated for one day.

RIVER NEWS.

The Sunshine goes to Pomeroy tonight.

The Henry M. Stanley will be down tonight from Pomeroy.

The falling river has compelled a suspension of navigation at headwaters.

The Gate City delivered a string of timber here yesterday and went back to Pomeroy.

Preparations are being made to resume Government work in Indiana Chute on the falls. From 300 to 500 men will be employed.

The J. O. Cole passed up with the U. S. Engineer's Quarter Boat No. 2 in tow for Parkersburg, from which point the survey of the Ohio river will be resumed.

The iron piers for the bridge across the mouth of the Kentucky river are finished and a truss of the ironwork is up on each side, while the piling for the center span is just open enough to let the packets through.

The R. K. Wells is on her way from Charleston to Cincinnati with a covered barge loaded with colored excursionists. She will lie there two days to allow the crowd an opportunity to see the sights of the city and then return.

The regular round-trip fare between Louisville and Cincinnati is \$5, but the rate war has reduced it to 50 cents. Such is life among the wealthy, but at that rate the packet owners will be poor folks like ourselves before long.

Coal has been discovered by a Government geological expert in that portion of the state of Louisiana drained by the Ouachita river, but the extent of the deposits are not yet well known. This coal field crosses the Ouachita river at its Northern part and intersects it about fifty miles above Camden, and continues on through Southwestern Kansas and into Eastern Texas.

Captain Henry M. Shreve of Louisville took the Enterprise South on her first trip and landed her at New Orleans December 14, 1814. On October 7, two years later, Captain Shreve landed the Washington at New Orleans, and he landed the Ohio at that city June 9, 1818. He commanded and owned many other fine boats during the ante-bellum days, and was very popular and successful.

While going into Pittsburgh Monday morning the Keystone State of the Pittsburgh and Cincinnati Packet Line ran aground on Horseshall, just below Davis Island Dam, and it is likely the boat will have to stay there until there is a rise in the river. The boat has much freight aboard, and every effort will be made to float her, but as the river is falling fast the chances are rather slim.

Deafness Cannot Be Cured By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHERRY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Question Answered. Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Bilelessness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by J. C. Pecor.
